

ADVENTURE BEGINS WITH THE APPROACH

PRO APPROACH SHOE

Experience the total reimagining of what a wading shoe can be. Whether hiking in, wet wading, jumping in and out of a drift boat, or wading the flats, the possibilities are endless for the PRO Approach shoe. Incredibly lightweight, quick drying, and yet rugged multi-purpose shoe with trail shoe look, weight, and comfort, and wading shoe performance, stability, and durability. Seamless mesh upper with PU cage construction. Integrated Ariaprene® sock prevents debris from entering. Michelin® Outdoor Extreme rubber outsole provides 43% better wet rubber traction. Removable 3D molded OrthoLite® insole.
