INTRODUCTION
Finally, a die-cast aluminum large arbor lightweight enough to balance properly with your favorite rod. Two years in design and development resulted in a powerful disc drag that can hold its own with high-performance machined reels.

• Large arbor spool design
• Inline disc drag
• Easily converted to either left- or right-hand retrieve
• Positive click drag knob for consistent settings every time
• Offered in a IV cassette version (6-8wt. lines)

DRAG OPERATION
The Clearwater® Large-Arbor Cassette features a dependable center line drag system. To adjust the drag, turn the knob (FIGURE 1) clockwise to increase resistance, and counterclockwise to decrease it. The minimum drag setting should never be less than the pressure required to prevent over-running of the line on fast runs. Additional drag may be applied by palming the spool rim with your fingers or palm. The easy drag adjustment is infinitely variable, providing wide-ranging and controllable settings.

SPOOL REMOVAL
The spool release is located in the middle of the reel spool. To remove, depress the spool release latch while simultaneously lifting the spool out of the reel body.

RIGHT-HAND CONVERSION
Clearwater Large-Arbor Reels have the drag factory installed for left-hand wind (FIGURE 2). To change your reel to right-hand wind, remove spool, pull the keyed bush and clicker plate assembly over era a x off the spindle. Flip the clutch bearing over era and reassemble.

CLEARWATER LARGE ARBOR CASSETTE
To remove the cassette, remove the spool, and with your thumbs depress the two knurled sections to push the spool away from the spool.

ROUTINE MAINTENANCE
Your new Clearwater Large-Arbor Cassette Reel has been properly lubricated prior to shipping. However, it should be cleaned and lubricated after extensive use or after contact with dirt or sand. Your reel should receive routine cleaning and maintenance at least twice each year. Lightly lubricate all moving components—handle, center spindle, and gear shaft with Penn reel lube, which is available in tackle shops. Do not put the reel away wet, or into a wet reel case or tackle box. For extended storage, remove both line and backing and loosen the drag.

G U A R A N T E E
Your Clearwater Large Arbor Cassette is unconditionally guaranteed against defects in materials and workmanship. Damaged reels can be repaired on an individual basis for a reasonable fee, and we do offer a reel cleaning and reconditioning service.
